## How to enjoy living in another country

*Dancing in the Fountain*  
 By Karen McCann

AS every expat knows, living abroad offers opportunities to reinvent yourself that rarely exist outside the witness protection programme. *Dancing in the Fountain: How to Enjoy Living Abroad* is a breezy and amusing tale of author Karen McCann's transition from rural Ohio to the heart of one of Europe's oldest cities, Sevilla.

Adapting to her new culture isn't always easy. She survives

language classes full of 20-something Europeans with attitude, houseguests who refuse to leave, and Spanish friends who do an intervention about her hairstyle. One hot night McCann and her husband climbed into a fountain to cool off and began

dancing in the water. A passing Spaniard growled: "Hey you two, is that any way to behave? You wouldn't do that back where you come from." And that's the whole point. Living overseas, you get to try things that you'd never normally do.

*Dancing in the Fountain* will be available August 15 from Amazon, and on Kindle and other e-readers.

### CANCER (June 22 - July 23)

This is an emotional week, when it is difficult to keep things to yourself. Get together with others and do a bit of social networking. Talk, and if you cannot bring yourself to confess to a problem, say that it is a friend of yours who has it. Certainly, you need to share this concern to get a balanced picture.

### LEO (July 24 - August 23)

There is a highly social week ahead with social gatherings here and there. A trip means that finances start to look brighter. You may find it necessary, if you are to progress, to consider a move to another job or area. Get involved with people who have been in the same situation. This gives you a good guide as to exactly where you want to be.

### VIRGO (August 24 - September 23)

There is a great impatience this week when someone flatly refuses to see something through to the end. You do not admire sloppiness and your reaction shows this. It may be necessary for you to sort out a situation which has been going on far too long. As you dislike loose ends in any respect, your patience may come to an end.

### LIBRA (September 24 - October 23)

Energy is high and there is a lot of fun to be had. An invitation sent out brings an old friend to your table. This is not as straightforward as you think it will be. Odd stirrings make you confused.

**IF IT'S YOUR BIRTHDAY THIS WEEK: With high energy and sex appeal right through to the end of the year, you are likely to stir things up a bit on the domestic front. Doing something completely out of character should be avoided if possible. If this is not possible, then you may use your charm.**

## Your Stars

**57** Ana Botella Serrano, Born July 23, 1954 she is a Spanish Conservative Popular Party (PP) politician, who has been Mayor of Madrid since December, 2011. She is well known for being married to former Prime Minister Jose Maria Aznar, whom she had met during their university post-graduation trip. She has also worked for national television chain Telecinco as a political commentator and is famous for being direct when voicing her personal opinion on matters including gender equality, environmental issues and abortion laws.

### SCORPIO (October 24 - November 22)

You feel like a fish out of water in a confused and noisy situation. Perhaps you are not making the right kind of friends, so take control of the quality of people who you associate with. Maybe it is relatives that are causing concern. You cannot choose your relatives, but it is possible to see less of them.

### SAGITTARIUS (November 23 - December 21)

This is a great social week. Your puppy-like enthusiasm attracts others and a barrage of good vibes comes your way. Indeed, your relaxed attitude allows someone close to get their own life a bit more into perspective.

### CAPRICORN (December 22 - January 20)

People look to you to guide them through the maze of right and wrong this week. Your talent for bringing humour into the most tense situations is invaluable midweek. Summer is a socialising time for you and it is all steam ahead as you issue invitations and receive some back.

### AQUARIUS (January 21 - February 19)

You like to do your own things in your own way and in your own time. That certainly shows this week. It can cause a bit of a stir with family. Even so, it will inspire someone close to step forward and make their own stand. Put someone straight when they step out of line.

### PISCES (February 20 - March 20)

The kind nature that is so much a part of you is only too evident this week. A situation makes you feel frustrated and you need to find a way forward. A bit of expert advice goes a long way even if it does mean that you still have to go it alone. Be strong and remind yourself that this is for someone else.

### ARIES (March 21 - April 20)

As you prefer living in the here and now, you find it difficult to understand and tolerate people who plot and plan in advance. It is tedious in the extreme to consider every little detail of something which may never happen. Because there is this relaxed attitude, you have developed a larger-than-life personality.

### TAURUS (April 21 - May 21)

This time of year reminds you just how much you enjoy home comforts. Plan ahead now for those chilly winter nights when the air is crisp and the wine is mulled. The urge is to work with others this week and that in itself throws up plans for evenings ahead. Having planned a romantic weekend there may need to be some adjustments.

### GEMINI (May 22 - June 21)

Your mind, as ever, is changeable. This is a fun time to dabble at this and that to bring a bit of variety to your life and work. Meeting new people and starting new projects means that it is a busy time at work but the rewards are high.
